

AMP Membership Resources

PCLaw® and Time Matters® AMP Membership Customers, who want to maximize the use of their software, have a number of resources available to them to expand their knowledge, add new skills, and develop their expertise. This guide will provide you with the information you need to access key tools and information.

P|T Community

What is it? P|T Community is an exclusive customer portal, designed to provide our software users with easy online access to a variety of resources to help their law firms perform at peak levels. P|T Community delivers training tools, resource videos, access to support and professional services, an answer center and more.

How do I access it? AMP Members can visit community.pclawtimematters.com

P|T University

What is it? P|T University is your source for world-class training courses, featuring a large, searchable video library of OnDemand courses, and live online courses that are presented by an instructor. With these training courses, users can gain expert proficiency in many important areas to improve productivity.

How do I access it? If you are an AMP Member, simply log in to P|T Community and click the box on the main Community page for P|T University.

Go Apps

What are they? PCLaw® Go and Time Matters® Go are comprehensive mobile time-tracking apps designed to allow you to capture billable hours and matters, even when you are on the go. Designed to sync with your PCLaw or Time Matters software, the apps provide features like a built-in timer, voice-to-text functionality, and spelling correction to help you to enter text and data quickly, wherever you are.
